

Arbela Quick Start for Microsoft Dynamics 365 Sales

Up and running in 30 days or less — for about 30% less than average costs

Are you looking to get started in Dynamics 365 Sales, but not sure where to begin?

Are you concerned about costs — from discovery to implementation to integration to maintenance?

In 30 days or less, Arbela Technologies can get you up-and-running with Quick Start for Dynamics 365 Sales, a Dynamics CRM solution that supports your unique business strategies and specific operational needs and processes.

Every essential feature and benefit

With Arbela Quick Start for Dynamics 365 Sales, you'll be able to...

- Manage ALL contacts (customers, prospects, partners, investors, etc.) and interactions in a central repository
- Extract actionable data from existing systems, as information from Dynamics is easily integrated into Office and Outlook workflows, and vice-versa
- Improve insights into your pipeline AND customers: critical insights are captured and delivered in dashboards — we'll move you from analysis to action

- Do more with less: sales and marketing staff will be able to automate many critical tasks and reports, and spend more time building customer relationships

100% scalable: a future-proof Dynamics solution

The promise of the Dynamics platform is growth in revenue, growth in productivity. Arbela Quick Start solutions provide you with the proper foundation for success in the present and down the road. With Arbela Quick Start for Dynamics 365 Sales, you'll enjoy:

- A Dynamics 365 solution that both complements your current Microsoft stack and that can be scaled and configured as needs change
- A template-based solution that — compared to a standard, three-month CRM deployment — reduces both costs and time to deployment by ~30%
